CHICAGO.GOV Usability Evaluation | UX Research, Usability Testing

Apr 2026 - Jun 2026

Conducted moderated remote usability testing for common city-service tasks. Synthesized task completion, time-on-task, ease ratings, errors, participant quotes, and observer notes into findings around navigation labels, search clarity, hierarchy, and form usability.

MCA CHICAGO IA Redesign | Information Architecture, Content Strategy

Apr 2025 - Jun 2025

Contributed to content inventory, heuristic evaluation, card-sort analysis, tree testing, final sitemap, and mobile task flows for a museum navigation redesign. Helped reorganize 41 content items into clearer visitor-focused categories.

DePaul Library Help Desk Redesign | UX Research, Service Workflow Design

Apr 2025 - Jun 2025

Supported staff-centered research and workflow redesign for a help desk support system. Worked on personas, task prioritization concepts, request history, dashboard direction, and interface ideas for reducing handoff friction.

Global Link HR Website | Independent Website Build

May 2025 - Aug 2025

Planned site architecture and built a Wix-based HR services website with multilingual support, employer/job seeker paths, service organization, contact flows, and QR business card handoff. Completed as an unpaid independent learning project. globallinkhr.net
